EDUCATION

University of Virginia Charlottesville, Va
B.S. Computer Science & B.A. Economics **August 2025 – Present**
GPA: 3.894 | Expected Graduation: May 2029

WORK EXPERIENCE

OneRail Orlando, Fl
Data Science & AI Intern **May 2026 – August 2026**

- Redesigned a GPU-based route optimization system with NVIDIA cuOpt, achieving a 622% increase in end-to-end throughput and 12.6% higher Optimized Gain in controlled testing
- Eliminated serialized GPU time as the pipeline bottleneck by orchestrating multiple concurrent cuOpt solver instances and distributing optimization jobs across them in parallel
- Delivered faster, higher-quality route generation for a last-mile platform powering FedEx same-day shipping, cutting compute time and cost

Lockheed Martin Missiles and Fire Control Orlando, Fl
High Performance Computing Intern **March 2023 – August 2025**

- Spearheaded development and optimization of high-performance computing (HPC) clusters using SLURM, MPI, and CUDA to accelerate large-scale simulation and data rendering tasks
- Engineered and deployed scalable compute nodes, expanding data processing capacity for R&D initiatives across multiple classified programs

PROJECTS

Full-Stack Web Application Winter Park, Fl
Founder & Lead Developer **November 2021 – May 2025**

- Founded the most successful student web platform in Trinity Prep history, growing to lead a 25-member team
- Reached 600+ daily users and 420,000+ total views on Next.js, Tailwind CSS, and AWS, with an encrypted MySQL database managing 32,000+ accounts
- Engineered a sponsor management system generating new student council revenue and a secure platform for official digital elections

LEADERSHIP EXPERIENCE

Engineering Student Council Charlottesville, Va
Academic & Professional Development Chair **August 2026 – Present**

- Lead the Academic & Professional Development committee, organizing academic and career-readiness programming for SEAS undergraduates

First Year President, UVA **August 2025 – May 2026**

- Directed all programming for the first-year engineering class with a $20,000 budget and 30-member committee, growing Major Declaration to 400+ attendees (+13%)

University of Virginia Student Council Charlottesville, Va
CIO Consultant **August 2026 – Present**

- Ran the Fall Activities Fair, the largest student-run event in UVA history, connecting 800+ CIOs with the student body
- Advise Contracted Independent Organizations (CIOs) on funding, operations, and Student Council appropriations

ACHIEVEMENTS

- 1st place: Virginia Case Club Competition 2026; 1st place: Lockheed Martin CyberQuest 2023; 2nd place: Lockheed Martin CyberQuest 2024
- 3rd place: CyberPatriot National Competition (Silver League) 2023; 3rd place: Lockheed Martin Code Quest Advanced 2023; 3rd place: University of Florida Programming Competition 2023

SKILLS

- Programming: C++, HTML/CSS, Java, JavaScript, Python, R, SQL, Swift, TypeScript
- Frameworks & Technologies: AWS, CUDA, Docker, Kubernetes, Linux, Next.js, Node.js, PyTorch, TensorFlow, Unity
